TWENTY-SIX DIE IN FIRE PANIC

Wild Stampede in Opera House
at Canonsburg, Pa.

INJURED NUMBER FIFTY-FIVE

Moving Picture Machine Develops
Slight Defect and Small Boy Raises
Cry of Fire—Bulky Miner Leads in
Mad Rush for Door and Men, Women
and Children Fall, Pile Up and
Die of Suffocation.

Canonsburg, Pa., Aug. 28.—A revised list of the dead shows a total of twenty-six victims of the panic in the little Canonsburg opera house here Saturday night. Twenty-five others are in a serious condition and thirty more are suffering minor hurts. All the fatalities resulted from suffocation. The panic was inexcusable.

During a performance a moving picture machine developed a slight defect. There was a sharp clicking sound heard in the operating room over the rear of the auditorium; a small boy shouted "fire;" a bulky miner, a foreigner, fled in terror down the aisle—and in a few moments scores of people—most of them women and little children—were piled in a writhing, screaming, fighting mass in the stairway leading from the street.

When Bolus Dubrowski, the miner, started for the exit, his eyes bulging and his swarthy face blanched with fear, the crowd followed him, fighting, struggling, like so many wild animals on a stampede. Women and children were crushed and jammed as they struggled frantically to escape from the supposed conflagration.

Trips and Rolls Down Steps.

At the head of the stairs the big miner tripped and rolled down the steps, sweeping others from their feet who were standing in line, waiting for the second "show."

In a few seconds there was an indescribable jumble of human forms—those fleeing in terror and those who were struggling to enter the little playhouse.

No one seemed to have even a semblance of common sense. Pandemonium reigned. Shrieks and wailings of children, mingled with the curses of some of the men and the cries of the terror-stricken women, many of whom hugged their children to their breasts, but to be trampled down and smothered.

One woman threw her infant out of a window to save its life. A fireman caught the baby in his arms as it descended, else its brains would have been dashed out against the pavement. Volunteer firemen arrived promptly. These, assisted by several police officers and level-headed citizens who were passing, untangled the human mass at the foot of the stairway.

Rescued Scream Like Maniacs.

The unhurt were pulled from the top of the pile. As they gained the street they ran screaming like maniacs in all directions. Next came the more seriously hurt and these were sent home or taken to nearby houses, while a few were rushed, unconscious, to hospitals.

Then the rescuers came to the stent forms of those who had reached the fatal stairway first. One after another the victims, many of them women and small children, were carried to the sidewalk. All had been suffocated. Their eyes stared wide in terror.

The body of Dubrowski, the huge miner whose fall during his flight to escape from the theater, caused the death of more than a score, was found at the bottom of the pile of dead.

Dubrowski fought like a fiend to regain his feet after rolling to the bottom of the stairs and upsetting a number of people waiting to enter the place. So great was his strength that he raised himself on his knees under the struggling mass of humanity, but was crushed down again as if he had been but so much paper, so immense was the weight on top of him.

TWO KILLED IN AUTO RACE

Dave Buck and Sam Jacobs Die in
Wreck of Machine.

Elgin, Ill., Aug. 28.—The 305-mile road race, won by Len Zengel in a National, with Harry Grant second and Hugh Hughes third, was not accomplished without its toll of death and injuries.

Dave Buck, the veteran Chicago automobile racer, was within eleven laps of the finish and going at the rate of sixty-four miles an hour on the back stretch when his right forward wheel threw a tire. The machine turned a complete somersault and Sam Jacobs, the machinist, was killed instantly, his neck being broken. Buck died later in a hospital.

GALE ISOLATES CHARLESTON

Wind Blows a Mile a Minute at Savannah, Ga.

Savannah, Ga., Aug. 28.—Suddenly appearing off the coast of South Carolina and Georgia a storm reached a mile a minute velocity over Savannah, spending its force on plate glass windows, street lamps and trees and putting all wires between Savannah and Charleston out of commission. It isolated that city and Beaufort, S. C.

WRECKS ARE DUE TO LIGHT RAILS

Expert Railway Builder Talks of
Recent Disasters.

SIMILARITY OF ACCIDENTS

Operating Officials of Great Eastern Systems Filled With Dismay at Lehigh Valley Wreck, With Its Death Toll of Thirty-three and Injury of Sixty-nine—Weight of Rolling Stock Too Great for Rails at Present in Use.

New York, Aug. 28.—The wreck of the Lehigh Valley express train at Manchester, with its death toll of thirty-three and sixty-nine injured and the fact that within the past six weeks three other express trains running at high speed have been wrecked in practically the same manner, has filled the operating officials of the great Eastern railway systems with dismay. In each four wrecks the roadbeds were in perfect condition and every known precaution for the prevention of such accidents had been taken.

It became known as a result of the Lehigh Valley wreck that the railroads are making a thorough investigation of these wrecks and already the investigators have come to some rather startling conclusions.

Raymond J. Paschal, a well known civil engineer and an expert in railroad building, said:

"The whole trouble is that the rolling stock of the fast trains has become too heavy for the standard rails now in use. The weight of locomotives and of steel passenger coaches has enormously increased of late years and still is increasing. Then in the fast train service the practice of putting two locomotives to a heavy train is becoming common.

"With the present rails this enormous weight when traveling at a higher rate of speed than thirty-five or forty miles an hour tends to spread the rails and a wreck follows. There is only one remedy, heavier rails must be used for the fast trains.

"Some of the schedules between here and Chicago call for sixty or seventy miles an hour at times. With the present weight of rolling stock nothing short of 120-pound rails can be depended upon to stand the enormous pressure."

WOUNDS TWO AND ENDS LIFE

Kentuckian Mistakes Pair for Cousin
and Former Sweetheart.

London, Ky., Aug. 28.—Reports have just been received of a tragedy of errors enacted at a country church near Oakley, eight miles north of here.

Worshippers leaving after the service were startled by two shots in quick succession, followed after an interval by a third.

Bert Allen had shot and seriously wounded Miss Cristy Hensley and her escort, Will Hurley, acting under the belief he had fired on Miss Mollie Gaines, who had previously jilted him, and his cousin, Ed Allen, of whom he was jealous. When he discovered his mistake he blew out his brains.

A note was found in his pocket indicating he had intended to kill the girl who had rejected him and his rival.

COOLER WEATHER COMING

Frosts Are Predicted During the
Current Week.

Washington, Aug. 28.—Rains within forty-eight hours over the greater part of the country from the Mississippi valley to the Atlantic coast and in the Southwest are predicted in a bulletin of the weather bureau.

Following the passage of these disturbances the pressure will rise rapidly and a change to considerably cooler weather will overspread the great central valleys and the lake region and the Eastern and Southern states. This change to cooler weather probably will cause frosts in exposed places the first part of the week in the North Rockies, North Plains states, extreme upper Mississippi valley and the upper lake region.

Van Schaick Gets Parole.

Ossining, N. Y., Aug. 28.—After serving three years and four months in Sing Sing prison Captain E. Van Schaick, who was in command of the steamboat General Slocum when she burned with a loss of more than 1,000 lives, was paroled by the federal pardon board.

HUNGER RESULTS IN CRIME

Man Shoots Wife Because She Will
Not Get Midnight Meal.

Alexander, La., Aug. 28.—Because she would not get out of bed and prepare his supper Mrs. Mary Boatwright, aged twenty-two, was shot and killed by her husband, C. W. Boatwright.

At the inquest Boatwright said he prepared to retire and took the pistol from beneath a pillow, snapping it at his wife, not knowing it was loaded.

JAMES R. MANN.
Republican Jocularly Names
Champ Clark for President.

MANN NOMINATES CLARK
Republican House Leader Offers
Speaker Presidential Plum.

Chicago, Aug. 28.—Champ Clark, speaker of the house of representatives, received the unofficial nomination for the presidency. Congressman James R. Mann of Illinois, leader of the Republican minority in the house, generously offered Clark the Democratic plum, acting, he declared, for fear the Democrats might not select him.

"If the Lord chastens us," he said, "with a Democratic administration and president, I would be pleased if the party should select Clark and, lest the party might not do so, I hereby place Clark in nomination."

Clark and Mann were the guests of the Delta Tau Delta fraternity at its annual banquet and Mr. Mann's generosity came in a speech introducing Mr. Clark.

ODD BANKRUPT CASE TO SUPREME COURT

Peculiar Question of Hiding
Goods Is Involved.

Washington, Aug. 28.—From the swamps of Onslow county, North Carolina, has come forth a legal problem for the United States supreme court to pass upon when it convenes in October that may affect bankrupts in all parts of the country for years to come. Shorn of legal phraseology the question is, "When is a thing concealed?"

John L. James was a storekeeper in Onslow county previous to Feb. 28, 1908, when a petition of involuntary bankruptcy was filed against him. Nothing unusual developed until James asked for his discharge from bankruptcy. Just four months and three days before the bankruptcy proceedings were filed against him he had been charged with hiding in a swamp in Onslow county five caddies of tobacco, one case of gun shells, two trunks of shoes and some dry goods, with intent to defraud his creditors.

The law would not grant his discharge if at any time subsequent to the first day of the four months immediately preceding the filing of the petition he had "concealed" any of his property with fraudulent intent toward his creditors.

TAFT TO TALK CONSERVATION

President Promises to Address Congress
at Kansas City.

Kansas City, Aug. 28.—President Taft will address the national conservation congress on Sept. 21 in Kansas City. This information was conveyed in a telegram received at the headquarters of the congress from Henry Wallace. He says that he has received a telegram from Charles Hilles, secretary to President Taft, in which he says the president can attend the evening meeting, Sept. 21, arriving late in the afternoon and leaving the same night to fill an engagement at Hutchinson, Kan., the following day.

Acceptances of invitations to attend the congress have also been received from Secretary of War Stimson and from Gifford Pinchot, former chief forester of the United States.

SHOTS HUSBAND OF FRIEND

Woman Protects Girl Wife and Is
Held as Slayer.

Kansas City, Aug. 28.—Because he refused to cease his efforts to see his wife, who had left him a week ago, Lewis Bernard, a stonemason, was shot and killed here by Mrs. Sophia Bell, at whose home Mrs. Bernard had taken refuge.

The Bernards were married a year ago last month. They were separated once, but a reconciliation was brought about. Last week the girl wife declared her husband's treatment of her was intolerable. She went to Mrs. Bell's home and was taken in.

Mrs. Bell was arrested and is being held in the matron's room at police headquarters.

BREAKING OF THE ALLIANCE.

La Follette Was Dominating
Both Houses.

REGULARS STOLE A MARCH.

Are There Still High Tariff Democrats
and an Understanding Between These
and Standpat Republicans?—Aldrich's
"Chloroform Bottle" Yet Working.
Speeches That Are Never Delivered.
Ready Made "Applause."

By ARTHUR W. DUNN.

Washington, Aug. 28.—(Special.)—The closing days of the session showed that alliances between the minority and a faction of the majority are in no way to be made permanent. In the last session of the Sixty-first congress there was an alliance between the Democratic minority and the Republican insurgents in the house, but that alliance was repudiated as soon as the Democrats came into power. The alliance between Democrats and senate insurgents in the extra session lasted only so long as the Democrats needed the insurgents to put through tariff reduction bills. When an arrangement was made by which fourteen Republicans refrained from voting or absented themselves without making pairs with Democrats it left the Democrats in control, and all former arrangements with the insurgent Republicans were broken.

Too Much La Follette.

Beyond question the old time Democrats and the Republican regulars acted in concert in order to relieve themselves of La Follette. Both of these elements felt that there was too much La Follette. The Wisconsin senator was not only dominating the senate, but he was dominating congress. Minority Leader Mann twitted Chairman Underwood with having first gained the reputation of managing the Democrats of the house, with dominating the Democratic caucus, with being more influential than the speaker, but finally having succumbed when he "went into conflict with another who bestrides this capital like a colossus, with one foot on the senate and the other on the house, both branches beneath his feet and both doing as he commands." That sentiment prevailed everywhere, and the Democrats of the senate, especially the nonprogressives, became very weary of La Follette's domination of the situation. That accounted for breaking the alliance to some extent.

The Local Issue Again.

Then there was another feature which calls attention to the fact that General Hancock was the greatest of all statesmen when it came to the tariff. His declaration that it "was a local issue" should be written on tablets of stone. There were Democrats who feared that the tariff bills were getting mighty close to their interests. There was more danger of the Democratic cotton bill becoming a law than the proposed La Follette substitute. Then the fight was getting uncomfortably close to iron and steel, to sugar and to many other products, and the votes of Democratic senators on the last tariff law showed that they were willing to protect their own.

The Aldrich Chloroform Bottle.

It appears that when Aldrich left the senate and retired from the chairmanship of the finance committee he left his celebrated "bottle of chloroform" and Chairman Penrose has learned how to use it. The story is that Aldrich went over on the Democratic side when he was hard pressed for votes and with a little chloroform administered from a bottle he always carried he put enough Democrats to sleep to get their votes or to get them to leave the chamber when the doubtful vote was taken. Senator Clapp remarked in reply to a question as to whether he did not think the duty should be reduced on chloroform, that there "was talk about the use of chloroform in the senate two years ago," but he was not one of the subjects. It has been shown, however, that Penrose has been able to "make medicine" with the Democrats when the situation demands, just as did Aldrich.

Fight Without Avail.

Closing as he began, with a fight against the insertion of "applause" and "loud applause" in the leave to print speeches, Minority Leader Mann was unable to break up the practice. Members still print long winded speeches with these words indicating approval, just as if they had actually occurred. Ordinarily it would seem that they would not do so when the matter gained so much publicity in the house, but accused members seem to have no feeling about the matter.

Uncle Joe Delighted.

When the house last considered the free list bill former Speaker Cannon was given five minutes to speak on it. After a few preliminaries he said: "I am delighted—O Heavenly Father, I am delighted—to see the burning brand of reform from California. Mr. Stephens, rush to the defense of lemons." He went on to say that he was for protection everywhere, and he "declined to allow the man from California, who voted with the Democrats on everything except lemons, and Mr. Hill of Connecticut, who wanted free agricultural products, to make a policy for me touching protection."

Mr. and Mrs. George Westinghouse,
Jr., to Live on Farm.

Pittsburgh, Aug. 28.—Because his young wife never liked Pittsburgh as a place of residence George Westinghouse, Jr., is going to leave this city in a few weeks and settle down on a farm near Lenox, Mass., to devote his entire time to scientific farming. He has resigned his important position in the Westinghouse works and is settling up his business affairs so that he can become a farmer. Mrs. Westinghouse is said to be delighted with the idea of living on the forty-acre farm in the Berkshire hills, near the Greenock country club, in the town of Lee, Mass., which her husband has bought from John Sedgwick.

SLAYS GIRL TO KEEP HER FROM CHINESE

Chicago Man Confesses Throwing
Her Into Lake.

Grand Rapids, Mich., Aug. 28.—Determined to cheat justice Charles Hopper of Chicago, who Saturday night murdered Daisy Watts, better known as Grace Lyons, of Chicago, by throwing her off a steamer in Lake Michigan, has refused to touch food or drink offered to him in his cell in the Ottawa county jail at Grand Haven. The tragedy is one of the few committed on government inland waterways in several years and a charge of murder will be placed against Hopper in the Grand Rapids federal court. It will be the first case of its kind started here.

The murder of Daisy Watts has brought to life the tragic end of a life misspent in the Chinese dives of Chicago by the daughter of a prominent Grand Rapids couple. Hopper in a confession made in the Holland jail before being taken to Grand Haven declared he committed the crime to prevent the woman from returning to the life of the underworld, which he says she was leading when he found her.

Hopper says he first met the woman about three years ago in a State street apartment house in Chicago and fell in love with her, but she refused to marry him. Six months ago, he says, he met her in a Halstead street Chinese dive.

"I am glad I did it," said Hopper, concluding his confession. "Now I know where she is. Those Chinese devils can never get their clutches on her again."

DIFFERENT FROM THE FIRST

Attorneys State John W. Gates Left
Later Will.

New York, Aug. 28.—An announcement that the will made by John W. Gates in May, 1910, which was made public on the day of his funeral Wednesday by former Supreme Court Justice Henry A. Gildersleeve, had been revoked by a will in March, 1911, was made by attorneys who drew the latter will.

The 1911 document left all but about \$1,000,000 in a trust fund for his widow and son, forbidding the sale of any of the securities for ten years. So far as the attorney's statement shows, there is no provision of this sort in the new will, which gives the son \$1,000,000 outright, with \$2,000,000 in trust, and the widow the remainder of the estate, with the exception of about \$700,000, which is divided among relatives and friends.

MORE POSTAL SAVINGS BANKS

POPE RECEIVES A VISITOR

Sees Archbishop of Rio Janeiro in
Vatican Gardens.

Rome, Aug. 28.—The pope celebrated mass and afterward proceeded to the Vatican gardens, where he received his first visitor outside of the private circle since his illness. This was Cardinal Arcovorde de Albuquerque, archbishop of Rio Janeiro, who came to pay his farewell respects, as he was to leave for America.

The pontiff appeared entirely recovered and interested himself in the affairs of the diocese and ended the audience by bestowing the apostolic benediction on the churches in South America.

Six Women Among the Victims When
Motor Collides With Tree.

Newcastle, Eng., Aug. 28.—Ten persons were killed, among them six women, when a large motor car, carrying thirty-three passengers, ran away on a hill and collided with a tree near Consett.

The car was occupied by members of the Consett Co-Operative society's choir who were going to a singing contest.

While descending a steep hill the brakes refused to work and the car in a moment was beyond control. Dashing down the hill at terrific speed it struck a tree and was demolished.

Voters to Decide Question of
Retaining Prohibition.

PARTY LINES OBLITERATED

For Weeks Past the State Has Been
Flooded With Literature Sent Out
by the Proponents and Opponents of
Move to Strike Prohibition of the
Liquor Traffic Out of the Constitu-
tion, Where It Has Been for Over
Twenty-five Years.

Portland, Me., Aug. 28.—The voters of Maine on Sept. 11 will cast their ballots to determine whether or not the policy of constitutional prohibition of the liquor traffic, which has prevailed for more than a quarter of a century, shall be retained.

For weeks past the state has been flooded with literature sent out by both the proponents and opponents of the move to take prohibition out of the constitution, while hundreds of speakers have voiced their sentiments at public gatherings. The campaign is a strenuous one.

Constitutional prohibition, in which Maine was a pioneer, was first adopted in 1844. For seventeen years the prohibitory law remained undisturbed of serious attack. In 1901 a bill for re-submission of the subject was before the legislature, but only thirty-seven votes could be mustered in its favor. In 1907 a similar resolve was barely defeated.

In the state campaign last year re-submission was one of the chief issues, the Democrats taking a stand in favor of giving the voters another chance to pass on the question and the Republicans standing "pat" on prohibition, which had been the party's policy for fifty years. The election of a Democratic governor and a Democratic legislature settled the question of re-submission.

Although both sides are claiming victory conservative people, regardless of their belief, admit that there is a decided doubt as to the outcome. The fight will not be settled by a strict party vote, for there are many prohibitionists among the Democrats and many "antis" in Republican ranks.

PACT IS DOMINANT ISSUE

Unusual Interest Manifested in Canadian Campaign.

Ottawa, Ont., Aug. 28.—Reports from all parts of Canada show the intensity of the election struggle now under full headway and also reflect the position and progress of the various elements on the main issue, reciprocity between Canada and the United States.

Although the campaign comes while harvesting is at its height conventions and political meetings are drawing audiences unparalleled for size. It is conceded a greater percentage of votes will be polled than ever before in Canada.

Reciprocity has continued the dominant issue since Premier Laurier and Opposition Leader Borden made their initial addresses. Since then Mr. Borden has remained in Ontario, speaking daily, while Premier Laurier, after one Ontario meeting, swung over to the French-Canadian province of Quebec, where he has been addressing from one to two meetings each day, including Sunday.

TAFT SCORES TARIFF BILLS

Denounces Combination of Democrats
and Progressives.

Hamilton, Mass., Aug. 28.—Denouncing as "tariff for politics only," framed by an "unnatural alliance," the work of the Democrats and Republican progressives in the session of congress just closed President Taft spoke before the Essex County Republican club at the formal launching of the state campaign here.

The president accused Speaker Clark, Representative Underwood and Senator La Follette with passing bills they did not intend to become laws. He charged them with inconsistency in repudiating the tariff commission, for which he said they had previously "clamored." Of the Democrats he said:

"They played politics of the most irresponsible character in respect to the three tariff bills."

ROSBY IS VERY EASILY DEFEATED

Brainerd, With a New Battery, Defeats the Mining Town by a 7 to 3 Score Sunday

UNG ZIERKE STRIKES OUT 6

Runs Several Bases on Balls, But Good Fielding Serves to Reduce Crosby's Score

With a new battery in the field, Zierke pitching and Quinn Parcatching, Brainerd easily defeated Crosby by the score of 7 to 3 Sunday afternoon. The day was cold and the many who had no overcoats shivered in their seats. Zierke was erratic at times and allowed quite a few bases on balls. One period the bases were full and struck a batter and forced in a run for Crosby. Ike Fawcett pitched Crosby and he struck out 5 while Zierke struck out 6. Ike has a regular alarm clock movement when he sees a ball and his delivery speeded some of the Brainerd boys could not connect with his pitches. The score must not be considered an indication of the abilities of the two teams for Brainerd wasn't playing as much enthusiasm as when they met against their friends from Little Falls. Had their been any fear it the result Bush or Alderman the box would have checked the boys from making any hits.

Left fielder, and Hudson, and baseman, of Crosby, made a big impression on Brainerd fans. Hudson grabbed everything in his way and would get a half on on a player when he tapped with a ball. Left fielder good brought in the first run for Crosby. He fielded well.

In the sixth inning Bush swatted ball and awful lift and sent it to the left field fence and scored a run. The eighth inning was a tie for the fielders and they raked in three high ones.

The score by innings is:
Brainerd ---2 0 0 1 2 0 2 x-7
Crosby ---1 0 0 1 0 0 0 1-3
Errors for Brainerd, Zierke and Quinn; for Crosby, Fawcett and J. Hudson.

A SUDDEN DEATH

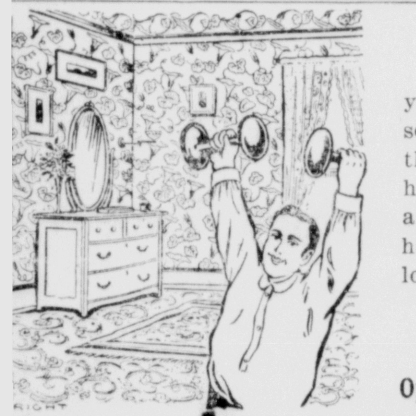

Buttala Falls From His Buggy Sunday Afternoon and Dies in a Few Moments

At Buttala, who formerly lived 108 East Oak street, met his Sunday afternoon when he fell his buggy while driving to his in Long Lake. His horse gave him a lurch and in some manner he man, aged over 67, fell from the seat and struck his head on a tree and expired soon after. For years he has worked in the city and was well known to many in Southeast Brainerd. He leaves a wife, two sons and daughters, most of whom reside in Minneapolis and who have communicated with. The funeral will be held in Brainerd and will be announced as soon as arrangements can be completed.

Merchants and Clerks Picnic Tuesday—Even Barber Shops Will Observe the Holiday

Better buy your groceries, meat and drugs today for tomorrow is the big picnic of the merchants and clerks at Merrifield. And if you need a shave you had better get that this evening for the boss barbers signed an agreement to observe the holiday. The special trains will leave Brainerd at 8:30 and 9:30 for Merrifield and will return at about 5:30 and 9:30 P. M. The time of the first train was switched from 8 to 8:30. The Brainerd City band will furnish its most inspiring music.

In addition to a large list of prizes for the events on the sports program special prizes are being donated for the ball game of the merchants and the clerks.

The American Biscuit Co., through its salesman, Walter F. Kuntz, offers a case of crackers to the first business man making a hit.

J. C. Higbee, representative of the B. Presley fruit and commission house of St. Paul, has a carload of watermelons on the Northern Pacific railway tracks and Mr. Higbee has made the generous offer of a watermelon for every player of either team who makes a run.

The weather indications are favorable and the management of the first annual picnic would almost bet that we have nothing but sunshine and warm breezes Tuesday.

FRED LUKEN'S NEW DEPARTURE

An Exclusive 5 and 10 Cents Store Will be Placed in His New Addition

SITUATED AT 712 FRONT STREET

The Main Store, 710 Front St. Will be Department Store—Mr. and Mrs. Luken Selecting Stock

A brand new, exclusive five and ten cents store is the latest innovation for Brainerd and will be placed in the addition, 712 Front street, which is now being altered according to the plans laid out by Mr. and Mrs. Fred Luken. Contractor C. B. Rowley and his workmen have completed laying the cement floor and are now busy installing the woodwork and other interior finishing. A handsome front is to be added to the building which is one story in height. An arch way will be cut through thus uniting the Fred Luken store at 710 Front street and his new addition, 712 Front street.

Mr. and Mrs. Luken will leave shortly for Chicago, Pittsburgh, New York and other eastern cities and will make a personal inspection of the stock which they wish to buy and carry in their five and ten cent store. The best in crockery, hardware, glassware, notions, postal cards, clothing and in fact every article that can be retailed at five and ten cents will be purchased. At the store, 712 Front street, a department store will be inaugurated and all lines retailing at 25 cents, 50 cents and higher prices will be carried by the enterprising firm. Luken's store will be made headquarters for bargains, and the goods offered at attractive prices will be well advertised in the Daily Dispatch. The enlargement of this business, more than anything else, shows the faith which Brainerd business men have in the city and its vicinity. They believe in its constant growth and all they ask is a fair share of the business here.

THREE TOWERS IN POSITION

Forest Ranger J. P. Saunders Has Superintended Erection of Towers of Forestry Department

FIVE MORE TO BE PLACED

Are of Steel and Stand 50 Feet High and Will be Used to Keep Lookout on Forest Fires

Forest Ranger J. P. Saunders has superintended the erection of three steel towers in his district embracing Cass and Crow Wing counties. These are 50 feet in height and are built according to instructions from the state forestry department and will be used by the forest ranger and his assistants to keep an eye on the district and it will enable them to see any forest, brush or swamp fires at their very inception. A tower will broaden a man's vision and give him a view of ten or more miles of country.

Land has been donated as follows: Mr. and Mrs. Ole Brunus gave the land for the tower near Gull lake near the county line; Charles Taylor gave the site for the tower at Outing; while other parties gave the plot of land to the state for the observation tower in Homebrook township, a section of country which has been very prolific in fires.

In following this plan of keeping watch on fires, Chief Forester Cox has adopted a method which now prevails in Wisconsin and which has saved that state many thousands of dollars by being able to check forest fires shortly after they originated.

Loss of Time Means Loss of Pay

Kidney trouble and the ills it breeds means lost time and lost pay to many a working man. M. Balent, 1214 Little Penna St., Streator, Ill., was so bad from kidney and bladder trouble that he could not work, but he says: "I took Foley's Kidney Pills for only a short time and got entirely well and was soon able to go back to work, and am feeling well and healthier than before." \$300 SIDE BET

Brainerd Team Comes Back at Little Falls With Offer Which Will Make Them Sit Up

The Brainerd baseball team, through its manager and treasurer, Mr. D. A. Peterson, has made the Little Falls team a proposition which will make them sit up, put up or shut up. Brainerd baseball fans have consented to raise \$300 for the side bet and Little Falls is to cover it, the winners to take the \$600. The Brainerd team will play on a 60 per cent and 40 per cent division of the gate money, the winner to get 60 per cent and the loser the 40 per cent.

It is to be the same teams and same men as played by Little Falls and Brainerd in their last game. Brainerd is to have one umpire, Little Falls one and the two are to agree upon and select a third umpire from some outside town.

The game is to be played on Sunday, September 10. It is needless to say that such a game will bring to Brainerd the largest crowd it ever entertained in a baseball way.

ONSTINE AFTER "SOONERS"

Art Boppel Shoots Prairie Chicken Out of Season and is Fined \$15 and Costs This Morning

Deputy Game Warden W. H. Onstine this morning brought Art Boppel before Judge J. H. Warner, of the municipal court on the charge of shooting a prairie chicken out of season and the young man, who had been caught in the act near the Weber farm south of the city by the game warden, plead guilty and promptly paid his fine of \$15 and costs.

Mr. Onstine is to be commended for his diligence and vigilance in catching "sooners", for nothing makes a law abiding hunter angrier than to see some one getting his fill of shooting while the ones who observe the law wait for a hunting season which may have no birds at all, as the "pot hunter" and "sooner" may have bagged the whole business.

Down at Cold Springs near St. Cloud the Commercial club has offered a reward of \$10 to each member who "spots" a law breaker. Extra game wardens and special men are taking the field in many instances and watching hunters.

COLLEGE WILL OPEN MONDAY

Little Falls Educational Institution Begins Fall Term Under Most Favorable Circumstances

(Little Falls Transcript)
Next Monday morning the Little Falls business college will open its eighth year. Since its beginning it has grown from a half dozen students and three or four typewriters—two small rooms—so that the entire third floor of the big Kiewel block is none too large to accommodate the attendance at the present time.

Now instead of three machines the school owns over sixty up-to-date standard typewriters and Mr. Millard says that by the end of the year he expects to have seventy-five—more than any other school in the state. The college is fitted up with the best of furniture and fixtures and every convenience possible to help the students in securing a thorough business training.

During the coming year the college will introduce a new study—that of commercial geography. This will be given by two lectures each week with maps and charts of the countries under discussion. A course in salesmanship will be given this year to the most advanced students sometime after the first of the year.

Mr. Millard is having a phone system installed in the school also, so that telephony can be taught the pupils before they go out to positions. This system consists in having five phones or stations in the different rooms of the school. Beside each phone is a small box containing push buttons. By pressing a certain button that phone is connected with another phone corresponding with the number of the button pressed. Any given phone in the school can call any other phone or central or talk on the long distance. Should one phone be using a city line four other people can talk over two complete lines in the college without in any way disturbing one another. Fred Speechley, district manager, came up from St. Cloud Tuesday to draw up plans for the installation of the system which will be put in at once.

Only two other business colleges in the state have this system of intercommunicating phones. Mr. Millard, or rather "The Boss", as he is known in the school, says that the prospects for this year are better than ever. Young people find that after they have taken a course here they are sure of finding plenty of work in their line. It has come to be recognized that Little Falls business college graduates make good. Positions seem to be plentiful as we were shown three calls that came in Monday of this week for three bookkeepers and stenographers. But Mr. Millard had no one to send.

Miss Gebhardt will again have charge of the shorthand department this year and from the outlook at present there will be large classes to start the beginning of the term.

The policy of the school is to send students to positions just as soon as they are competent and it is this policy that has built the Little Falls business college up to its present high standard.

DAY-NORTON WEDDING

Marriage Took Place in Hudson and Mr. and Mrs. Day Will Reside in Brainerd

The following account of the Norton-Day wedding from the True Republican of Hudson, Wis., will be of interest to Brainerd people: "One of the prettiest weddings ever witnessed in Hudson was the one which took place Tuesday afternoon, August 22, at the residence of Mrs. Norton, when her daughter, Miss Winnie Marie became the bride of Cecil Egbert Day, of Duluth. The service was beautiful and impressive and the officiating clergyman was Rev. William Gray, of River Falls, Wis. Mr. Day was attended by Fred Buck of Duluth, as best man and the bride was attended by her cousin, Genevieve Cline, as maid of honor. The staircase, living room, and parlors were elaborately decorated with greens just relieved by enough white to form a contrast. The bridal party stood under a large arch of green and white, Miss Neacham, a cousin of the bride, presided at the piano. The ribbon bearers were the little Misses Anita and Mary Elizabeth Haven. They were gown in white with pink ribbons. The maid of honor was gown in pink satin messaline, trimmed with a filmy lace bertha. She wore a necklace of pearls the gift of the bride and carried a large bouquet of pink roses. The bride wore an exquisite white satin gown draped with white marquisette and trimmed with pearls and duchess lace, a long tulle veil and carried a bouquet of bride roses, sweet peas and lilies of the valley. After the ceremony, when congratulations had been offered, the bridal party and guests repaired to the spacious home of Hon. and Mrs. H. C. Baker, where refreshments were served. The presents were numerous and elegant. The bride is one of Hudson's most beautiful and charming young ladies who by her gracious manner has won hosts of friends. Her social affairs in her honor have been many.

After a short wedding tour Mr. and Mrs. Day will reside at Brainerd.

More people, men and women, are suffering from kidney and bladder trouble than ever before, and each year more of them turn for quick relief and permanent benefit to Foley's Kidney Remedy, which has proven itself to be one of the most effective remedies for kidney and bladder ailments, that medical science has devised. For sale by all druggists.

Selz Royal Blue No. B-77

Men's gun metal calf blucher; Terrier model; dull mat calf top; military heel. A very snappy style for young fellows and one that older men will not object to.

THERE'S as much difference in shoes as in anything else. Looks count for something; so do good workmanship and good materials.

You're always the judge of the shoes you buy; you know better after they are worn out than when you buy as to whether or not they're good shoes—unless you buy Selz shoes.

When you buy a pair of shoes bearing the name Selz you get a guarantee of your satisfaction—that's what you want, satisfaction; and if you want to know WHEN YOU BUY, buy Selz shoes. Then be the judge.

The secret of the guarantee is that the shoes don't need it. The maker could guarantee the wearer's satisfaction if they did.

We sell Selz shoes because among other things the maker guarantees us satisfied customers—that ought to be one reason for your wearing Selz shoes. Other reasons are that you'll find the latest models in this line and that they are better-than-usual fitters. They're made on scientifically designed models; the shape of your foot is the primary feature of every Selz shoe store.

George H. Crosby and Mayor
M. F. Crosby

Crosby, Minn., August 24—On his
way to St. Paul to confer with the
state authorities for permission to
issue more bonds for school purposes
in his district, President of the School
Board of District No. 51, M. F. Cros-
by, carried with him a set of figures
prepared by County Auditor Smart
which are really astounding. The
board wants more than \$14,000 to
build the school houses in Crosby
and Ironton and Mr. Crosby proposes
to make a showing which will pro-
duce the required results to get
needed money. The auditor's fig-
ures are as follows:

"Valuation of District No. 51 for
next year. Real estate as returned
last year, \$96,219.

Improvements returned to
Crosby this year \$ 39,769

Platted additions not on the
tax list last year \$ 34,275

higher."

The Duluth trade boosters excursion
party was met at Deerwood by
George H. Crosby. He chartered the
Ingalls Motor Boat Co's. barge, the
Chippewa, and had the entire dele-
gation which embraces a solid half
column of closely set printed names
ferried around the lake. It was a
welcome break in their railway jour-
ney. They were shown the entire
town and a glimpse of the mines
near by and George H. Crosby, who is
a former Duluthian, didn't lose an
opportunity to assure his friends that
Crosby was the best town on the Cuy-
una iron range. The freedom of the
city was extended them by Mayor M.
F. Crosby and at the time of going to
press it is still in the hands of the
Duluthians. G. G. Hartley officiated
as "Booster at Large" for Duluth and
Frank X. Gravel was the official
handshaker and speechmaker.

Members of the Cuyuna Explora-
tion Co. visited Crosby in a special
car and in the party were John
Meinung, sheriff of St. Louis county;
George Lucore, manager of the Du-

luth Candy Co., E. A. Dahl, of Min-
neapolis; Frank Cruch, G. A. French,
and Arthur Mitchell; John Dunlavey,
of the Duluth & Iron Range Rail-
way; Morgan Throne, of the Soo line;
P. G. Pastoret, of the Pastoret-Law-
rence Co., of Duluth; J. W. Kreitter,
superintendent of the Duluth, Missa-
ba & Northern Railway; P. J. Welch,
Alexander Hamfield, mining engi-
neer; G. A. Sherwood, of the Soo
line; P. E. Meagher, M. W. Lipp,
all of Duluth. The company is ex-
ploring in section 2-46-29 where it
has a drill at work and where the
second hole is being put down.

Children of the Presbyterian
churches of Crosby, Deerwood, Iron-
ton and Cuyuna had their annual
picnic at the Whitten grounds near
Serpent lake Tuesday afternoon. 125
were there to take part in the fes-
tivities.

The school census recently taken
in district No. 51 embracing Crosby
and Ironton, reveals 315 children of
school age. On this basis Crosby has
about 1,000 population.

Mrs. B. Webster, of Duluth, is at
her cottage.

Miss Mabel Lovedale is reported
sick with typhoid fever.

The Crosby Exploration Co. has its
warehouse and office building nearly
completed.

At Crosby C. W. Oppel, the hus-
tling representative of the Stone, Or-
dean Wells Co. sold a complete stock
of groceries to C. W. Johnson. Mr.
Oppel, the dean of traveling men on
the Cuyuna range, often makes such
big sales before dinner, and then
hikes back to Brainerd and nails a
few orders from Con O'Brien.

George H. Crosby and family are
now established in their new resi-
dence.

Work has commenced on two miles
of cement sidewalk near First street
north and Cross avenue.

Work on the water works will
start as soon as sufficient pipe ar-
rives.

Miss Frances Cameron, of Duluth,
is visiting Mrs. H. L. Nicholson and
Mrs. H. Ingalls.

The Lovedahl pharmacy is offer-
ing an attractive line of sheet music.
Its soda fountain is well patronized
and the public finds that is promptly
and accurately served in the prescrip-
tion line.

Dr. and Mrs. P. E. Kenyon, of
Wadena, were recent visitors of Mr.
and Mrs. Lovedahl.

The All tars recently defeated the
regular team by the score of 6 to 2.
O. N. Claus, of Duluth, is putting
in a concrete basement in the post-
office store.

ENLARGED EXHIBIT

The Anti-Tubercular Exhibit at the
State Fair to be Great-
ly Improved

St. Paul, Aug. 24—Because so
much interest was shown in the ex-
hibit of the St. Paul Anti-Tubercu-
losis committee's exhibit at the state
fair last year, the committee will try
this year to make its exhibit even
more effective and instructive.

Last year there were so many in-
quiries as to the method of treating
tuberculosis patients, how to prepare
out of door sleeping bags and out of
door sleeping places that the commit-
tee feels that there is wide spread
interest in its work.

At the fair this year the open air
cottage will be in charge of a trained
nurse who will explain how best
to care for patients afflicted with the
disease, and it is possible that a
figure will be shown "done up" in a
sleeping bag and one sitting in a
chair out of doors in "fresh air"
garments.

The committee desires all having
an interest in the work to make use
of the information it may have as it
will be freely dispensed at the state
fair.

Little Girls

Here's Fun For You

And a "Buck's" little Junior Range Free to the little girl under
fourteen years of age who brings to us the nearest "Buck's" Trade
Mark and the largest list of prospective stove or range customers.

We want every little girl in Crow Wing county to come to our
store at once and get the puzzle to solve.

The prize, "Buck's" Junior Range, is now on exhibition in our
window—it's a beauty—not a toy but a real "Buck's" Range in
miniature.

Come girls, all try. Who's going to be the lucky one?
